		Date Received _____ Discount Cut-Off Date _____	
		<b>SERVICE ORDER NO.</b> _____	

By submitting this order, the parties requesting service acknowledges they have read and understand the Information and Conditions on the reverse side of this order form, and agree to the terms therein.

# INFORMATION AND CONDITIONS

The Los Angeles Convention Center (LACC) is the exclusive provider of electrical services within its facilities. This includes all exhibit halls, meeting rooms, public areas, exterior areas, and parking lots/garages. All requirements to install, connect, repair, alter, or distribute power for electrical and lighting are to be completed by LACC electrical services personnel. Material and equipment provided by LACC shall remain the property of LACC.

In providing the services requested in this order, neither the City of Los Angeles, nor its officers, employees, agents, contractors nor subcontractors shall be liable to client, Exhibitor, and related vendors for special, incidental or consequential damages for loss, damage, or expense, directly or indirectly arising from the provision or non-provision of the services herein requested, for commercial loss of any kind (including loss of business or profits) whether or not the City of Los Angeles has been advised of the possibility of such damage or loss.

## A. SERVICE ORDER REQUEST AND PAYMENT

1. For the discount rate to apply, this service order must be received with full payment or credit card payment by the Discount Cut-Off Date established for the respective show. See Discount Flyer Notice in the Exhibitor Manual, or contact Exhibitor Services for exact Discount Cut-Off Date.
2. Orders must be accurate and come with accurate floor plans denoting placement of services to qualify for the discount. All changes in service will be charged at the standard rate. All additional services ordered or changed on-site will be subject to the on-site rate (see No. 3 below)
3. **All service orders received on or after the first move in day are subject to a 10% on-site charge.**
4. Booth number and location of service must be identified for processing of order.
5. Credit cannot be given for service or equipment installed and not used.
6. **Refunds will not be granted for service installed and deemed inoperative due to faulty Exhibitor equipment or off site service problem.**
7. A \$35.00 service fee will be charged for returned checks.
8. Checks are not accepted for on site orders or at the Exhibitor Services Desk.
9. LACC conducts an installation audit of power supplied to all exhibits. Exhibitors using power not ordered will be required to pay the on-site rate to continue service. Power may be disconnected pending receipt of full payment. If disconnection occurs, a reconnection fee of \$50.00 will be required.

## B. SERVICE REQUIREMENTS AND RESTRICTIONS

1. Only LACC electricians are allowed to make electrical installations and connections.
2. Unless otherwise instructed by the Exhibitor, LACC personnel will cut floor coverings and walls to install service.
3. LACC is not responsible for voltage fluctuations or power failures. Exhibitors are encouraged to supply their own surge protection equipment and UPS units if desired.
4. All electrical equipment, components, fixtures, cabling, etc., must be listed by Underwriters Laboratory (UL), or approved by the City of Los Angeles' Testing Laboratory (Test Lab), and shall be labeled accordingly. All electrical work must be done in accordance with all local, state, and national electrical codes.
5. Electrical labor must be ordered when the service requested exceeds standard installation criteria or for requests to alter or repair exhibit equipment, or relocate service. Examples include: installing more than 3 outlets to locations other than "standard rear of booth" placement; installing electric cords and cables throughout the booth; relocating service(s) installed; installing power from overhead catwalks; installing service that exceeds standard cable lengths/runs; and installing exhibitor lighting. See LACC Labor Request Form for more details.
6. Neon signs, lights, or other equipment containing high voltage potential and/or other approved sources of heat, must be contained within an approved enclosure and adequately protected from possible damage, and mounted in an area of the exhibit where personnel and attendees cannot come in contact with the sign/equipment. All cabling, ballasts, and other components must be approved for high voltage application. NO fabric or combustible material can be near the heat source.
7. All equipment must be properly grounded. Extension cords must be 14 gauge/3-wire grounding type or larger. All splices and connections must be made in an approved enclosure. No open splices are allowed.
8. All 120-volt electrical equipment and devices within 6 feet of a water/liquid source must be protected by a Ground Fault Circuit Interrupter (GFI).

## C. 120/208/480V HOOK-UP INSTALLATION PROCEDURE

1. All equipment must display complete information including: amperage, voltage, phase, cycle, KVA, etc. If **no information** is available, electrical charges shall be computed at 70% of the main breaker or main fuse size of equipment. Circuit ampacity/KVA must be sized to allow for start-up current and long continuous loads.
2. Notify LACC Exhibitor Services Desk when **equipment is in exhibit position.**
3. LACC electrician will audit power requirements and adjust requirements if necessary. Exhibitor shall return to Exhibitor Services Desk for payment of service due to changes or adjustment to original service request.
4. An installer will be dispatched based on receipt of order and proceed with hook-up.
5. **In the event the installer's time is not compatible with Exhibitor's schedule:**
  - (a) Exhibitors may leave after audit and adjustments have been made. Installation will be completed as audited; however, equipment will not be energized unless exhibitor is present.
  - (b) **Electrical equipment power rotation will be done only when Exhibitor is present.**

**THE LOS ANGELES CONVENTION CENTER IS A NON-SMOKING FACILITY**
